Dec 2019 –

Web Developer and UI Designer in New Orleans.

Art direction, Static site development, and Wordpress development. Custom plug-ins, CSS and JS-based web animation, custom templating, and cross-platform responsive development. Sites included MidSouth Coatings, Tapestry Linens, Albasha Metairie, and several others.

Eleventy, Netlify, PHP/MySQL, Javascript, jQuery, CSS, HTML, Wordpress, Photoshop, Illustrator.

Oct 2018 – Dec 2019

Web Developer at Online Optimism in New Orleans, Louisiana.

Wordpress development for a digital marketing firm. Custom plug-ins, CSS and JS-based web animation, custom templating, and cross-platform mobile- and desktop-responsive development. Clients included Dixie Beer, Moxie Media, the Tunica-Biloxi Tribe, and Witry Collective Realty.

PHP/MySQL, Javascript, jQuery, CSS, HTML, Wordpress, Photoshop, Illustrator.

Sep 2016–Oct 2018

Web Developer and UI Designer in New Orleans.

As a subcontractor to New Orleans agencies Solid Web Design, Line 58, and Lagniappe Media, designed, built, and maintained SEO-friendly mobile- and desktop-responsive web sites for local businesses in Craft CMS and Wordpress. Created animated web advertising for agencies in San Francisco and Austin.

PHP/MySQL, Javascript, jQuery, CSS, HTML, Craft CMS, Wordpress, Photoshop, Illustrator, Adobe Animate.

Sep 2014 – Sep 2016

Creative Technologist at Sanders/Wingo Advertising in Austin, Texas.

I made animated advertising and websites for AT&T, and built proof-of-concept web sites and illustrated presentations for Sanders/Wingo's business development team. I was technical liaison to the Amsterdam NL web development team for AT&T.

PHP/MySQL, Javascript, jQuery, CSS, HTML, Wordpress, Photoshop, Illustrator, Adobe Animate.

Oct 2012 – Sep 2014

Web Developer and UI Designer in New Orleans.

Produced websites for New Orleans agency Alford Advertising. I was also the front-end developer on a New York startup called Eatucator that created custom coupons for small groceries and farmers' markets. I also designed and built a music-oriented web-based dating app called Rockcalling as a working proof-of-concept for a private investor.

Ruby on Rails/PostgreSQL, PHP/MySQL, Javascript, jQuery, CSS, HTML, Wordpress, Photoshop, Illustrator.

David Rhoden • 315 Tricou Street, New Orleans, Louisiana 70117 • david@davidrhoden.com • 504-812-8475

Oct 2011 – Oct 2012

Developer II for iSeatZ in New Orleans.

I worked closely with the outside design firm Rokkan NYC on our American Express Travel project, and led a difficult but time-saving effort to standardize our front-end-facing code, to make it consistent, and thereby simplify the front-end styling. Customized white-label site elements for Alaska Air and Amtrak.

Ruby on Rails/PostgreSQL, Javascript, jQuery, CSS, HTML, Photoshop, Illustrator.

Jun 2010 – Oct 2011

Senior Web Developer for McCann/MRM Worldwide in New York.

Javascript and jQuery development, as well as HTML and CSS, to animate and beautify web sites for clients like Smirnoff, Crown Royal, Home Depot, and U.S. Army. Eliminated excess server costs for Home Depot Garden Club by rebuilding their home page image carousel.

PHP/MySQL, ASP.net, Javascript, jQuery, CSS, HTML, Photoshop, Illustrator, Flash.

Jan 2010 – May 2010

Front-End Developer at Huge Design in Brooklyn.

I developed modular page layout elements as part of a major redesign for NBC's high-traffic website iVillage, along with interactive features like a Body Mass Calculator, in a HAML/Sass environment.

PHP/MySQL, Javascript, jQuery, CSS, HTML, HAML, Sass, Photoshop, Illustrator.

Jun 2009 – Dec 2009

Front-End Developer for Turner Broadcasting in New York.

I did daily development and styling tasks and created special seasonal feature designs for Turner's Expression Engine-based, high-traffic women's blogging site The Frisky.

PHP/MySQL, Javascript, jQuery, CSS, HTML, Expression Engine, Photoshop, Illustrator.

Oct 2008 – May 2009

Senior Developer at BrandWizard in New York.

As the front-end lead, I worked with the designers and back-end developers to complete complete re-skins of our company's proprietary asset management software, for clients including Mercedes-Benz, Hilton Hotels, and HSBC.

ASP.net, Javascript, jQuery, CSS, HTML, Photoshop, Illustrator.

Other experience:

Freelance web development in New York for Huffington Post, IAC (match.com, College Humor), GoMobo, Mirren Business Development, and Bajibot (digital animators).

Attended Loyola New Orleans School Of Law and graduated with a JD, despite the school closing for a semester due to Hurricane Katrina, when I relocated to New York City. I chose not to practice law.

Web development and animation at Bent Media, New Orleans, working with Tabasco and Oreck Vacuum.

David Rhoden • 315 Tricou Street, New Orleans, Louisiana 70117 • david@davidrhoden.com • 504-812-8475

Graphic design, typesetting, and pre-press of full-color IBM server sales brochures and other corporate sales collateral for Roman/Thayer Design, New York.

Print layout for a mutual fund report with a 20,000 per month circulation and Visual Basic database front ends for Goldman Sachs, New York.

Presentation design and complex process mapping (large-format visual documentation of banking processes) for Citibank.

Co-wrote a book of state-based trivia for a young adult audience called *Awesome Almanac: New York* for B&B Publishing, Walworth, Wisconsin.

Freelance writer for the online version of *Men's Health*., New York.

Assistant Editor at Golden Books, New York.

Freelance writer for *Storytelling* magazine, Jonesborough, Tennessee.

Many published illustrations for New Orleans publications including *New Orleans*, *Louisiana Life*, and *Kingfish* magazines.

Showed and sold paintings in galleries in New York and New Orleans.

Education:

JD, Loyola New Orleans School of Law

BA, English, University of Tennessee, Knoxville

Open Monday - Saturday 8 am to 5 pm

Before COOLWALL® colors were introduced in the market, homeowners typically selected lighter colors for their ability to reflect much of the sun's radiant energy back into the atmosphere. Today, more and more homeowners are choosing darker COOLWALL® colors because of their heat reflective properties and superior fade resistance. If you can't find your perfect color, let us know and we'll work with you to create your own custom color.

NOTE: The colors displayed in this modeling tool are likely to look different than they would on your house. The best way to see our colors is to request a [free quote](#) so that a member of our staff can show you the COOLWALL® colors in person.

CLEAR TO MISTY COLORS

David Rhoden • 315 Tricou Street, New Orleans, Louisiana 70117 • david@davidrhoden.com • 504-812-8475

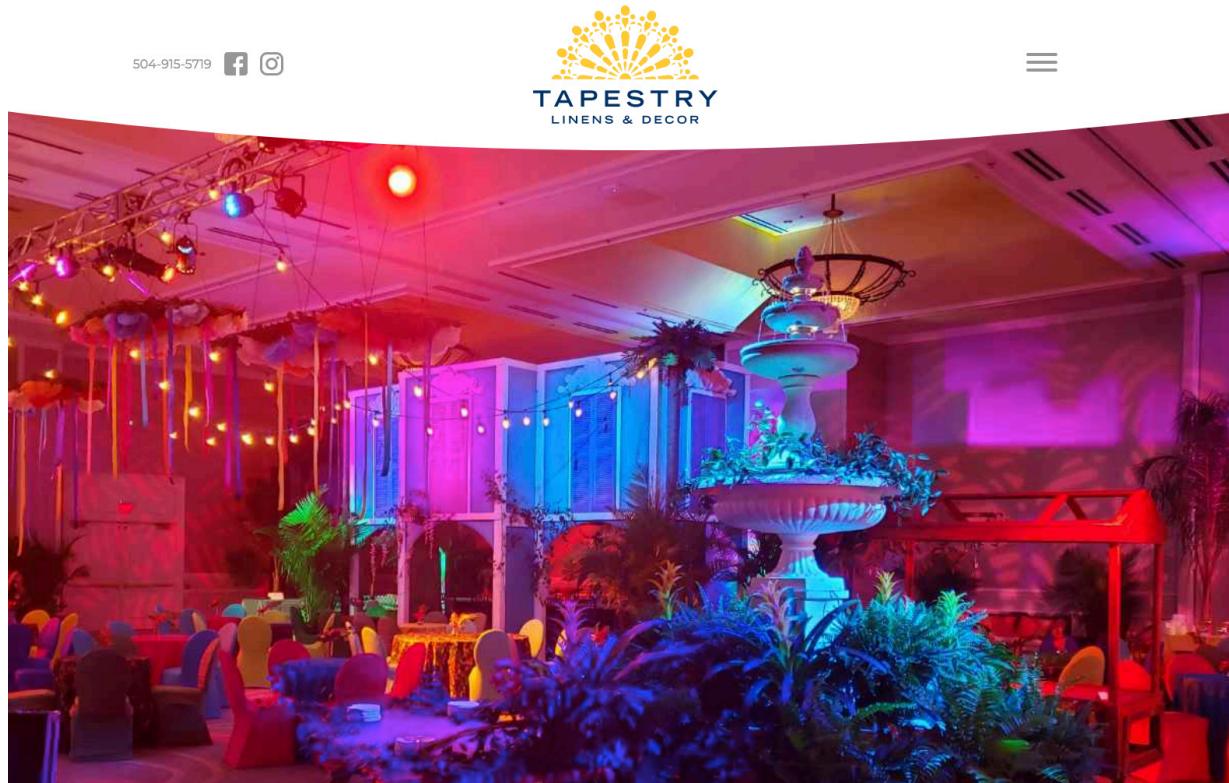

Mobile sites developed for current clients. (Cerberus Agency)

The mobile version of the Midsouth Coatings website features a large image of a woman with red hair wearing a blue sequined dress, standing in front of a blue brick wall. The text "COOLWALL® COLORS" is displayed above her. Below the image, there is a section titled "FIND YOUR COOLWALL® COLOR" with a dropdown menu labeled "Clear to Misty". At the bottom, there is a section titled "CLEAR TO MISTY COLORS" with four color swatches: PINK HIBISCUS (4A-2P), BURGUNDY DASH (7A-1A), SANTA FE (14B-3D), and MINERAL RED (14B-4D).

The mobile version of the Tapestry Linens & Decor website features a vibrant image of a tropical-themed event or party. The room is filled with lush green plants, a large white fountain, and colorful lighting (blue, purple, pink) on the ceiling and walls. The Tapestry logo, which includes a sunburst graphic and the text "TAPESTRY LINENS & DECOR", is prominently displayed at the top. Below the image, there is a section with the text "NEW ORLEANS' PREMIER SOURCE FOR LINENS, DECOR, AND FLORAL DESIGNS." followed by a detailed description of their services.

HTML, CSS, and Javascript development for Moxie Media. (Online Optimism) Produced with Wordpress. Highly customized with custom fields.

The screenshot shows the homepage of the Moxie Media eLearning Courses website. At the top, there's a header bar with social media icons (Facebook, LinkedIn, Email), a phone icon with the text "CALL US: 504-733-6907", and a search bar labeled "Search for eLearning Courses" with a "GO" button. Below the header is the Moxie Media logo. The main navigation menu includes "Home", "LMS", "eLearning Course Library", "Custom Course Development", "REQUEST A DEMO", and "Home / eLearning". The main content area has a teal background. On the left, a section titled "Hazardous Materials" features a sub-section for "Barge Cargo Vapor Control" with a thumbnail image of industrial equipment, a brief description, and a "FEATURED COURSE" label. On the right, a "Featured Courses" box lists "Crew Safety Orientation →" and "Barge Cargo Vapor Control →". Further down, another "FEATURED COURSE" box for "Crew Safety Orientation" is shown with a thumbnail image of two people, a brief description, and a "FEATURED COURSE" label. To the right of the courses is a "SEARCH" sidebar with a "SEARCH FOR COURSES" input field, a "GO" button, and a "FILTER BY CATEGORY" section containing checkboxes for various industry categories and their counts.
